- Designed-engineered by the only UK Manufacturer of Safety Couplings
- Two-stage self venting release eliminating the dangers of hose whip
- Hardened machined steel parts
- Lightweight & robust
- Full range of thread types and sizes, with hose assembly options also available

5 YEARS EXTENDED WARRANTY

UK STANDARD PUSH BUTTON SAFETY COUPLINGS

Built by hand and 100% individually tested for guaranteed reliability in PCL's Sheffield factory, the new UK Standard Push Button Safety Couplings provide a two-stage, self venting release, eliminating the dangers of hose whip to create a safe compressed air environment. The lightweight but robust "Made in Sheffield" coupling comes with a 5 year warranty.

Suitable for use with the UK Standard Adaptor Profile

Place your adaptor here to check if is compatible

Steel Hose Reel, Air Hose, Dual Arm, 15m
of 3/8" Hose, 1/4" Fittings

SKU: HRA4P01

Steel Hose Reel, Air Hose, Dual Arm, 15m
of 1/2" Hose, 1/2" Fittings

SKU: HRA4P02

Available November 2023

Introducing PCL's new heavy duty, dual arm, retractable air hose reel, specifically designed for use with compressed air in garages, workshops, and industrial applications.

This Steel Hose Reel features auto retract as standard, the 15m hose is neatly and effortlessly stored with no kinks or tangles.

Life tested to 8,000 cycles, our new steel reels feature 4 non-snag rollers, an adjustable arm guide and NBR superior strength hose for reduced hose wear.

SIP VSDD 5.5kW 10bar 200ltr Screw Compressor

BSP8260

The **SIP VSDD 5.5kW 10bar 200ltr 400v Rotary Screw Compressor** is a variable speed, direct drive rotary screw compressor. This 4th generation compressor is designed for continuous use or where multiple operators require compressed air at one time.

With a motor output of 5.5kW, this compressor can meet high-demand air requirements and optimise energy usage. Fitted with a 200ltr receiver tank.

KEY FEATURES

- ✓ Direct drive transmission for improved power transfer
- ✓ Variable speed 5.5kW motor delivers even power distribution
- ✓ Heavy-duty silenced cabinet ensures reduced noise operation
- ✓ Colour touchscreen for real-time diagnostic information
- ✓ Easy access cabinet panel for maintenance and service
- ✓ All-in-one design minimises lost work area space

2-Year Standard Silver Warranty*

SIP QT 50/10

Compressor

Low Noise Direct Drive

The SIP QT 50/10 is part of the SIP QTAir Very Low Noise range, using an innovative quiet system that allows top performance and high-quality air production with 59dB reduced noise in all environments.

Ideal for a range of applications where powerful performance must be balanced with reduced noise without compromise.

KEY FEATURES

- Innovative quiet system for reduced 59dB operating noise level
- Slow-running 4-pole brushless induction motor for longer life
- Oil-free system for high-quality and clean air supply
- Fan-cooled twin cylinder motor and pump units

Motor Power:	1.3hp (1kW) 4-POLE
Receiver Size:	50ltr
Piston Displacement:	7.30CFM (206ltr/min)
Free Air Delivery (FAD):	5.40CFM (153ltr/min)
Max. Air Pressure:	145psi (10bar)

SIP QT 100/10

Compressor

Low Noise Direct Drive

The SIP QT 100/10 is part of the SIP QTAir Very Low Noise range, using an innovative quiet system that allows top performance and high-quality air production with 59dB reduced noise in all environments.

Ideal for a range of applications where powerful performance must be balanced with reduced noise without compromise.

KEY FEATURES

- Innovative quiet system for reduced 59dB operating noise level
- 2x slow-running 4-pole brushless induction motors for longer life
- Oil-free system for high-quality and clean air supply
- 2x fan-cooled twin cylinder motor and pump units

Motor Power:	2x 1.3hp (1kW) 4-POLE
Receiver Size:	100ltr
Piston Displacement:	14.60CFM (413ltr/min)
Free Air Delivery (FAD):	10.80CFM (306ltr/min)
Max. Air Pressure:	145psi (10bar)
Noise Level:	59dB
